## Computer Skills

---

**Languages:** C, Java, MIPS, and SQL

**Operating Systems:** Linux, Windows 7 and 10

**Applications:** Eclipse, and Linux Terminal

**Hardware:** Understand basic computer hardware functions. I have experience from building my own computer and troubleshooting the problems that have arisen while maintaining my own machine.

## Relevant Coursework

---

- Many assignments over the years have allowed me to work on my problem solving skills. As well as my programming skills.

## Work Experience

---

### Kohls Associate

Kohls - Lebanon, PA

October 2015 - Present

Worked many jobs within the store. Whenever there was an important project to be done, managers always sought out my help and skills. I helped many customers, always doing my best to make sure they were satisfied with their experience at Kohls.

- Leadership - Often led a team of employees in order to complete a project in the store.
- Communication - Working as a leader my communication skills improved drastically.
- Teamwork - Many times projects required employees to come together in order to complete them.
- Responsibility - Always an employee to be trusted. Getting projects done on time and correctly.
- Time Management - Often given multiple projects that needed to be done in small time frames.
- Adaptability - I was often asked to do a job I have never done before so I needed to learn fast.
